REFERENCE FOR MR CHRISTOPHER BEUKES CHIEF OFFICER OF SACDA

I have worked over 10 years with Mr Christopher John Beukes as a Deputy Chief Specialist and Chief Education Specialist at the Gauteng Education Department and Department of Basic Education. His work ethic and commitment has been appreciated by Departmental officials and teachers.

He has given his expertise and intellectual capital to Gauteng Education Department (GDE) voluntarily. Mr Beukes annually attended Road Shows at all districts of the Department of Gauteng. He shared his knowledge and skills to all Life Orientation teachers from GDE. At the road shows he made presentations on careers, provided expert advice, resource material as well as technical equipment.

He has developed an African framework for career management, which uses the parts of nature and of its tree to integrate core concepts relating to career education. This framework has been facilitated to learners with great positive response.

I am confident that this framework will assist career development practitioners, teachers and learners to better manage their careers. The model is progressive and incorporates 21st century and 4Th Industrial skills. This framework will enhance curriculum delivery across all phases.

He is passionate about education and will be an invaluable asset to the education sector.
